

GET RID OF YOUR BAD STUFF FOR FREE!!

Bountiful will be conducting a **HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM**
on **SATURDAY, OCTOBER 10th** from **9:00 a.m. TO 3:00 p.m.**
at the City's Maintenance Facility, located at 950 South and 200 West in Bountiful.

*This is a great chance to clean out your house and get rid of harmful chemicals, and at the same time help the environment. So bring in any of the following, **with exception of any DEA controlled medications**:*

| | | | | |
|----------------|----------------------|------------------|------------------------|----------------------|
| Antifreeze | Flea powder | Laundry products | Photographic chemicals | Toilet bowl cleaners |
| Batteries | Floor waxes/cleaners | Mothballs | Radiator flushes | Waste motor oil |
| Car cleansers | Furniture polish | Oven cleaners | Rodent poison | Weed killers |
| De-greasers | Insecticides | Paints | Silver cleaners | Window cleaners |
| Drain cleaners | Lacquers | Paint thinners | Spot removers | Wood preservatives |

*If you bring it in, we'll take it off your hands **FREE**, and properly dispose of it -- you'll be doing us a favor by keeping this material out of the landfill, and you'll be rid of old materials that need to be specially disposed.*

FOR BOUNTIFUL RESIDENTS ONLY
